CANVAS canvas CREATING OBSERVER ACCOUNT

PAIRING CODES & CREATING AN OBSERVER ACCOUNT

Parents and guardians can create their own observer accounts to connect with their child's Canvas student account. To do so, the student must generate a pairing code in his/her student account by doing the following:

- 1. Student must be logged in to his/her Canvas Student Account
- 2. Click Account
- 3. Click Settings
- 4. Click Pair with Observer
- 5. Write Down the Case-Sensitive Pairing Code for the Parent/Guardian to Use

The pairing code expires after 7 days or after one use.

With the pairing code, a parent/guardian may now create his/her own observer account. A Canvas observer account does not allow parents/guardians to submit assignments, participate in the course or take assessments on their child's behalf.

- 1. Visit sparksd.instructure.com/login/canvas
- 2. Click "Parent of a Canvas User? Click Here for an Account."
