INTRODUCTION

The COVID-19 pandemic has presented all Athletic Department’s with countless challenges. The COVID-19 virus is a highly contagious illness that primarily attacks the upper respiratory system. The virus that causes COVID-19 can infect people of all ages. Research from the Centers for Disease Control (CDC), among others, has found that while children do get infected by COVID-19, relatively few children with COVID-19 are hospitalized. However, some severe outcomes have been reported in children, and a child with a mild or even asymptomatic case of COVID-19 can spread the infection to others who may be far more vulnerable. While it is not possible to eliminate all risk of furthering the spread of COVID-19, the current science suggests there are many steps schools can take to reduce the risks to students, coaches, and their families.

The South Park School District will take the necessary precautions and recommendations from the federal, state, and local governments, CDC, Pennsylvania Department of Health (DOH), as well as the National Federation of High Schools (NFHS), and Pennsylvania Interscholastic Athletic Association (PIAA) to safeguard the participants and staff of our athletic programs. The South Park School District realizes knowledge regarding COVID-19 is constantly changing, as new information and treatments become available. The recommendations below will be adjusted as needed as new information becomes available in order to decrease the risk of exposure for our staff, students, and spectators.

Disclosure

This document does not supersede any state or federal guidelines currently in place or any future directives that may be issued by public health officials.

Participating in Extra Curricular activities at any level is a privilege and it is of the utmost importance that students work with staff to help adhere to the following guidelines. Doing so is a responsibility of participating in any extracurricular activity, including but not limited to PIAA sports in or out of season. Failure to adhere to these guidelines may jeopardize not only a student’s individual ability to participate in an activity but jeopardize the ability to carry out any extracurricular.

MANDATES

The following is mandatory for all phases for Middle School and High School Extracurricular during the COVID-19 pandemic:

1. All Student Athletes, Coaches, and Staff will undergo a COVID-19 health screening prior to any practice, event, or team meeting. The purpose of the
health screening is to check for signs and symptoms of COVID-19. This location of this health screening will be announced prior to the practice or event.

2. Promote healthy hygiene practices to limit the spread of COVID-19 including:
   a. Hand washing (20 seconds with warm water and soap)
   b. Students should wear a face covering (masks or face shields) when feasible. (Face coverings will not be required for athletes while practicing or competing.)
   c. Coaching staff and other adult personnel should wear face coverings (masks or face shields) at all times, unless doing so jeopardizes their health.
   d. Use hand sanitizer.

3. Intensify cleaning, disinfection, and ventilation in all facilities

4. Encourage social distancing through increased spacing, small groups, and limited mixing between groups, when feasible

5. Educate Athletes, Coaches, and Staff on health and safety protocols

6. Require that anyone who is sick to stay home

7. Follow the plan for a student or employee who gets sick

8. Regularly communicate and monitor developments with local authorities, coaches, staff, and families regarding cases, exposures, and updates to policies and procedures

9. Athletes and Coaches MUST provide their own water bottle for hydration. Water bottles must not be shared. Disposable cups will not be provided.

10. Personal protective equipment (PPE) will be used as needed and situations warrant, or determined by local/state governments. These items include gloves, face masks, and eye protection.

11. Identify staff and students who may be at a higher risk of severe illness from COVID-19 due to underlying medical conditions such as:
   - Age 65 or older
   - Lung disease, moderate-severe asthma
   - Serious heart conditions
   - May be immunocompromised
   - Obesity
   - Diabetes
   - Kidney or liver disease

**Pre-workout Screening:**
- All coaches and student athletes will be screened for signs/symptoms of COVID-19 prior to any workout or event. (See Appendix for COVID-19 Screening Form)
- Screenings will include a temperature check and questioning to each person for COVID-19 symptoms. These responses should be recorded and stored to provide a record.
- Attendance should be recorded for contact tracing reasons.
- If individuals participating in sporting activities show symptoms, have a temperature of 100.4 degrees or higher, or are sick, they must be sent home.
- Any individual with suspected positive COVID-19 symptoms should not be allowed to take part in workouts.
Student athletes will need to contact parents/guardians for immediate pick-up
Parents should contact their primary care provider or other appropriate health-care professional for guidance.

PHASE 1 (14 days)

- Teams using outdoor facilities may have all players report but will only be permitted to meet in predetermined pods of no more than 12, and are socially distanced from the other groups present.
- Each pod is paired with a specific coach and will only meet with that coach during this 14 day period.
- Drills during this time are to be for conditioning purposes only, they are to be non-contact and with no shared equipment.
- Athletes and coaches should still wear masks and practices social distancing when possible even with their pods.

PHASE 2

After the completion of PHASE 1 with no positive COVID-19 cases in a particular team, teams will be allowed to practice as a whole in full contact. Social distancing will still be maintained at all other possible times.

Facilities Cleaning

- Adequate cleaning schedules should be created and implemented for all athletic facilities and common area to mitigate any communicable disease
- Athletic Facilities should be cleaned prior to arrival and following workouts and team gatherings, with high touch areas cleaned more often
- Weight Room Equipment should be wiped clean after each individual’s use
- Appropriate clothing/shoes should be worn at all times in the weight room to minimize sweat from transmitting onto equipment surfaces

Physical Activity

- Coaches must review and consider the CDC guidance to modify practices and games to mitigate the risk of spreading the virus. This includes focusing on individual skill building versus competition and limiting contact in close contact sports.
- Personal items should not be shared. This includes clothing, towels, and pinnies.
- If equipment must be shared, all equipment should be properly disinfected often during practice and events, as deemed necessary.
- Hand Sanitizer should be used periodically, as resources allow
- Spotters for maximum weight lifts should be stationed at each end of the bar

Hydration:
All athletes, coaches, and officials must bring their own water and drinks to team activities.
Team water coolers for sharing through disposable cups are not allowed.
Fixed water fountains should not be used.

OTHER GUIDANCE:

Primary Point of Contact
- The South Park School District has designated Athletic Director Tom Kayda as the primary point of contact for Extracurricular questions related to COVID-19
- Mr. Kayda can be reached at 412-655-3111 EXT 2050 or by email at Thomas.kayda@sparksd.org

Transportation
- Teams going to away events will be limited to 22 people per bus, this includes coaches, athletes, athletic trainers, and any other staff.
- Seating arrangements will be one person per seat, in every other seat with both front seats left open.
- Anyone riding the bus must be masked at all times.

Social Distancing during Contests/Events/Activities
- Sidelines/Bench Area
  - For outdoor events sideline areas are limited to 100 person “pods” while on the sidelines student athletes and coaches should still remain socially distanced and wearing masks when possible.
  - Indoor events are still limited to 25 persons in a designated area. This means that for events such as volleyball there will be a limited bench available in the gymnasium. Additional bench area will be provided in the auxiliary gymnasium.
  - Locker rooms will only be used for athletes who are in school on practice or game days and practice time does not allow for them to go home and change.
  - In the event on inclement weather that requires teams to take the following protocols are in place
    - Soccer games, the two teams will separate into 10 person pods and take shelter in the boys, girls, away, and football locker rooms. Lower concession stand is also available if needed
    - Football games, the home team will shelter in the boys, girls, football, and away locker rooms. The away team will get onto their buses and go down to the high school auxiliary gym. These instructions will be given to the visiting team prior to arrival

Who should be allowed at events?
- Spectator guidelines will be amended as continued changes come from state government
• Media are permitted to be present but must make the Athletic Director aware they are coming and follow appropriate screenings and protocols.

• Prior to departing their home school, opposing teams will at a minimum conduct the same screening that South Park student athletes and coaches complete each day prior to practice or games.

• Game staff will be kept to a minimum and will be screened prior to all events

• Referees will be asked to screen at home as well as screen upon arrival to campus

• Band and cheerleaders will be permitted to attend HOME football games only. The band will be required to socially distance in the bleachers, cheerleaders will be required to cheer in the area behind either end zone.

Overnight/Out of State Events/ Events in COVID-19 Hot Spots
• The South Park School District will evaluate each event and follow all local/state government guidelines on a case by case basis.
• All out-of-state travel is prohibited until March 1, 2021 (at the earliest).
• Every consideration must be taken as to not expose students to unnecessary or potential high risk exposure by traveling outside of the region.

Other Important Information
• Activities that increase the risk of exposure to saliva must not be allowed including chewing gum, spitting, licking fingers, and eating sunflower seeds.
• Avoid shaking hands, fist bumps, or high fives before, during or after games and practices. Limit unnecessary physical contact with teammates, other athletes, coaches, officials, and spectators.
• If multiple events are to be held at the same facility, adequate time shall be scheduled between contests to allow for facilities to be cleaned and disinfected, and to minimize interaction between athletes.
• Sports complexes with multiple fields may operate simultaneous games or practices on fields within a complex only if social distancing can be maintained.
• Establish protocols to limit entrance and exit traffic, designating specific entry to and exits from facilities with clear signage.
• Stagger pick up and drop off times and locations for practice and events.
• Ensure that athletes are not congregating while awaiting pick up and to ensure congegation or crowding does not occur on drop off.
• Parents dropping off and picking up athletes should remain outside of athletic facilities. Parents should not enter the facility.
• Concession stands or other food must adhere to Guidance for the Restaurant Industry.
• When restarting competitions, start by limiting games, scrimmages, and matches to teams in the region first (PIAA District 7 and District 8 only). Can expand beyond regional play if COVID-19 cases continue to stay low.

Positive Cases and Coaches, Staff, or Athletes Showing COVID-19 Symptoms
What are the signs and symptoms of COVID-19?
- Symptoms may appear 2-14 days after exposure to the virus. The symptoms may range from mild to severe. (See CDC Fact Sheet in Appendix)
- Symptoms may include:
  - Fever or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Fatigue
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore Throat
  - Congestion or runny nose
  - Nausea or vomiting
  - Diarrhea

What to do if you are sick?
- If you are sick or think you are infected with the COVID-19 virus, STAY AT HOME.
  - It is essential that you take steps to help prevent the disease from spreading to people in your home or community.
  - If you think you have been exposed to COVID-19 and develop a fever and symptoms, call your healthcare provider for medical advice.
- Notify the school immediately (principal, athletic director, school nurse, athletic trainer, and/or coach)
- It will be determined if others who may have been exposed (students, coaches, staff) need to be notified, isolated, and/or monitored for symptoms
- If a Positive case of COVID-19 is diagnosed, contact tracing will be implemented with the assistance of local health professionals and the CDC and DOH.

What to do if a student or staff become ill with COVID-19 symptoms during practice, event, or during transportation to or from an event?
- Make every effort to isolate the ill individual from others, until the student or staff member can leave the school or event. Isolations points will be determined for each venue that activities are conducted in.
- If student, parent/guardian will be contacted immediately, and arrangements will be made for the student to be picked up
- The ill individual will be asked to contact their physician or appropriate healthcare professional for direction
- The facility where the sick individual was present will need to be disinfected immediately.
- In the event of a positive test The Allegheny Health Department will be contacted for further guidance on how to proceed with that team and all other activities

Return of student or staff to athletics following a COVID-19 diagnosis?
● Student or staff must provide written medical clearance from their medical doctor or CRNP
● Return to athletics can begin once the individual is determined by a medical doctor or CRNP to be non-contagious, fever free (without fever-reducing medicine), has vast improvement in respiratory symptoms (cough, shortness of breath), and experiences no vomiting or diarrhea.

EDUCATION:
● Staff, Coaches, Parents, and Athletes will be educated on the following (through posters, flyers, meetings, emails):
  o COVID-19 signs and symptoms
  o Proper ways to limit exposure to COVID-19 (hand washing, cough in your elbow, disinfecting touched surfaces, social distancing, etc.)
  o The content of this Return to Sport Guidelines Document
  o Any pertinent COVID-19 information released by DOH, local governments, NFHS, and PIAA.
APPENDIX
South Park School District
Athletic Department
Daily Team COVID-19 Screening

Team: ______________________________________   Date: ________________
Location: ______________________________________   Event: _______________

Students and Coaches should self-report as deemed necessary prior to each practice/event. Temperature may be taken from a designated trained individual as needed. The other symptoms should be marked with an “N” for NO or a “Y” for Yes answers.

**For the column “Close Contact” the answer should reflect the following question: Within the past 14 days, have you had close contact with someone who is currently sick with suspected or confirmed COVID-19? (Note: Close contact is defined as within 6ft for more than 10 consecutive minutes, without PPE equipment.)

If any responses are “YES” to any question, the student will NOT be allowed to participate in team activities, and will be asked to leave school grounds. Parents or Guardian will be notified.
