South Park School District

February 13, 2018

South Park High School Families:

Our top priority is the safety of our students, faculty and staff. This letter is being sent to inform you that district administrators were informed of a threat posted on Snapchat by a South Park High School student this evening. Once district administrators were made aware of the threat, the South Park Township Police Department was notified.

This evening, police interviewed the student believed to have made the threat. Currently, police believe that the threat was not credible. The investigation is ongoing.

Classes will be in session on Wednesday, February 14, 2018. The South Park Township Police Department will have an increased presence at South Park High School tomorrow to ease any concerns.

Please take a moment to have a conversation with your child about the importance of reporting any rumor or threat of violence to district administrators immediately. When they do so, they help us to maintain a safe school environment.

If you have any questions, please feel free to contact either me or South Park High School administrators.

Sincerely,

Wayne P. Gdovic
Superintendent of Schools
South Park School District
