

Going to a baseball game

By: Michaela Martin

We are going to Wild Things Park. The Wild Things are a baseball team and they play in a baseball stadium. We get to watch them play!

I may have to wait in a line once I get my ticket. I will have my parents with me to hold my hand if I get scared!

The Wild Things have lots of yummy foods to choose from! The smells may be a little overwhelming for me though.

We will use our ticket to find our seats. There are very nice people to help us if we can't find them. We call them ushers.

Before the game begins, we will all stand up, remove our hats, and listen to the National Anthem. The players do it too!

The Wild Thing is going to come around and see us! He is the mascot for the baseball team! He is super friendly and funny!

If I don't want to see him, I just have to tell my parents. They will keep him away from me.

The pitcher is going to throw the ball.

The hitter is going to hit the ball.

The fielder is going to try and catch the ball.

When the Wild Things do something good on the field, the crowd is going to cheer very loudly. It's okay to be loud when I am cheering!

The noise may be a lot for me to handle. Everybody is just having such a good time! If I get overwhelmed, I'll let my parents know and they can take me somewhere to relax.

In the middle of the 7th inning, we get to stand up for the 7th inning stretch!

The crowd is going to stand up and sing "Take Me Out to the Ball Game". I can join if I am comfortable enough.

After the game, I can run the bases if my parents allow me! How fun is that!

Don't worry. If I don't want to run the bases, I don't have to. It is totally up to me and my parents.

Once the game is over, everybody is going to leave at the same time. I'll hold my parents' hands on the way out so I feel safe.

I did it! I made it through the entire baseball game!
That was really fun! I hope my parents bring me
back to Wild Things Park!
